

## UCATS is a member-run Union!

UCATS is run by an Executive Council (EC) that is elected every two years by UCATS members. The EC consists of Officers and Stewards. All EC members serve as unpaid volunteers (with the exception of the President, who receives a stipend) and are full-time NYU employees. All major decisions, like contested officer elections and ratifying or rejecting a contract offer, are votes of the entire UCATS membership. The UCATS EC and Union Representatives are always available to offer strategies for addressing workplace issues, even those that aren't contract violations. Unlike with management, including HR, all conversations with UCATS stewards and representatives are safe and confidential. No action is taken on your behalf without your permission.
